Dear Friends of the Lowell Mason House,

It has been a **transformative** year for the Lowell Mason House. We are delighted to have the support of the Mass Cultural Council and Mass Development. Also this summer we received a major keystone **grant** to create the Dr. Al and Gladys Stone Wright Innovation Center for Music Education at the Lowell Mason House. Click on the Website QR code below for details.

The Lowell Mason House is the 1792 Medfield, MA. birthplace of Lowell Mason, who was the founder of public school music education. The Lowell Mason House will serve as a local **community center** for music education, music performance, music practice and will provide public meeting space. We also support our virtual community of music educators.

The 2023 Lowell Mason House **Competition's** focus is music **Innovation, Inspiration, and Inclusion**. Enter to win the top prize of \$5,000. The due date for all entries is December 10 and the winner will be announced on January 8, Lowell Mason's birthday. The QR code for this year's competition is below.

We are excited to announce that The Lowell Mason House has begun the process of **renovating the interior** of the building. The first step in this process is to shore up the supports of the structure. Next step is the installation of the electrical, heating and plumbing utilities. We have decided to go with sustainable options for our utilities, which are more expensive, but more environmentally responsible.

We believe that Lowell Mason (1792-1872), the father of American School Music Education and a pioneer in American Sacred Music, would be so proud to see his Medfield, MA birthplace supporting the cause that he loved so much! Your gift, no matter how large or small, can become the gift of music to a child. . . to a senior citizen . . . or to a member of our community. You can make a **donation** by going to our website at www.lowellmasonhouse.net. See the QR code below to donate using Venmo. Donations by mail may also be sent to:
